

Board of Directors Corner

Dear residents,

It's that time of the year again when you all get an opportunity to help your fellow CTC residents in making a difference. Elections for the new Board of Directors (BOD) are around the corner.

As you may already be aware, BOD is a group of CTC residents who are elected to serve the community. The primary goal of the BOD is to address the needs of the community and make living in CTC a better experience for all. [Learn more](#)

The BOD meets once every month and discusses and works on the current issues of the community. These meetings are open for all the residents. As an outgoing Board member I would like to encourage you all to fill out the application for a position in the Board. This is a 2-year volunteer position and the application is available on CTC's website. You can also access the application [click here](#)

The last date for filling out this application is April 15th, 2014 and the elections for the incoming members will be held at CTC's annual meeting on **April 22nd 2014 7:00pm at the St. Paul Student Center North Star Ballroom**. This is your chance to be an ambassador to the community and get a better opportunity to work with and for your fellow residents.

Thank you,
Hina Mittal
Member of the BOD
